

2017 BOND

Proposed improvements at the Dooley Center are:

- Resurface parking lots and add underground storm water drainage.
- Update classroom technology, student devices, and technology infrastructure when it reaches the end of its useful life.
- Add flexible furniture to classrooms to allow for collaboration, small groups and personalized learning.
- Replace classroom coat cubbies, many of which are original to the buildings and are broken, missing or falling apart.
- Replace classroom cabinets, which are starting to break down from use and exposure to water.
- Add air conditioning to gymnasium and kitchen. These spaces are used for assemblies, lunches and classes.
- Replace the sound-absorbing gymnasium ceiling.
- Add a sound system to the gym.
- Resurface asphalt play areas and replace concrete entry slabs
