## FAQ About Course Grades During COVID-19 Closure

### Grades 9-11

#### **Will student work be graded from March 13 - June 12?**

Yes, student work will be graded. Students will be given multiple opportunities to remediate.

#### **What if a student doesn't complete any work during this time?**

Students who do not turn in work and/or pass all competencies with a passing course grade will receive an Incomplete "I". Teachers will reach out to students/parents to attempt to avoid this. If an "I" is earned, students will be given the opportunity to recover credit ("CR" on the transcript with administrator approval) to be determined on an individual basis at a later date.

#### **What if students are not able to connect or not engaged in remote learning content?**

It is recommended that a student who is not able to be engaged, or who chooses to disengage, in remote learning should receive an incomplete or no grade. Teachers will document every attempt made to engage the student and take into consideration if students are experiencing circumstances out of their control.

#### **Will there be assessments during this time?**

There may be assessments where possible and practical. Performance tasks that assess competency for a grade must have a posted rubric.

#### **Will missing work need to be made up when students return to school?**

Where possible, the content from remote learning should be made up after the transition back to regular in-person school attendance resumes - within the first 10 weeks (or perhaps summer school, etc.).

#### **Will students that are in credit recovery (Engenuity) classes receive a grade?**

It is recommended that students who are completing online courses (Edgenuity) be evaluated/graded in accordance with the grading explanation above, so as to not negatively influence GPA.

#### **What will student transcripts look like?**

It is recommended that all courses on the student schedule are reflected on the high school transcript with an appropriate grade or mark during this pandemic.

#### **When should student work be completed by?**

All student work must be completed and submitted to teachers by June 12. However, teachers are able to set internal earlier timelines starting June 8.

#### **Will there be final exams?**

No, there will be no formal final exams.
